LOCAL MATTER.

E. C. WOODSON, City Editor

LOCAL BRIEFS.—

(2) A pure stimulant, Century Whiskey!

There are 11,216 Masons in North Carolina.

Our co-laborer, Syme, is confined to his bed by sickness.

Geo. W. Blount, Esq., a prominent member of the Wilson Bar is registered at the Yarborough House.

Gov. Caldwell and lady left the city yesterday evening on a visit to their relatives in Charlotte and Morganton.

Dr. W. H. Howerton, Secretary of State, left the city last night for Salisbury to take charge of the Western N. C. Railroad.

Capt. J. G. Hester will leave for Santiago on the 22d inst., and take passage on the Cunard line of steamers from New York on the 29th.

Hon. T. C. Fuller having purchased the elegant Hester Mansion on Hillsborough street, will move to this city with his family next week.

The funeral of Mrs. Narcissa Hutchings will take place this morning at 11 o'clock from the Methodist church. The friends of the family are invited to attend.

The male school of Messrs. Lovejoy & White is steadily growing in public favor, as is evinced by its constantly increasing patronage: It now numbers about 70 boys.

It is now firmly believed that Col. I. J. Young will be supplanted as Collector of Internal Revenue by Gen. W. D. Jones, formerly the Revenue Assessor for this District. Roll on the ball.

Pool, the fish dealer, will accept our thanks for the nicest white shad we have seen this season. His stall, near the corner of Hargett and Wilmington street is supplied daily with fish of every kind.

The Victor Fire Company was out on parade yesterday evening and made a good show. The Victor is composed of the very best of our colored citizens, is well officered and a fine and effective company.

It is an error that our exchanges have fallen into in regard to the proposed work of Jos. W. Holden, Esq., of this city. It is a memoir of the Union *cause* in North Carolina, and not a personal history of men.

McLean Potter, Esq., has become the sole agent in this city for the sale of the Egypt Coal, and will deliver coal, either hard or soft, to any point in the city on application. Orders left at Simpson's drug store, will receive prompt attention.

Persons indebted to the late firm of Backalan & Laswell are requested to call on Capt. R. F. Laswell, at Miller's & Nelson's saloon, under the market, and receive receipts for their indebtedness, as business must be settled once in five years.

The proceedings of the Grand Lodge of Masons have been issued, and the Grand Secretary, D. W. Bain, Esq., is sending them out to the Lodges. The book is published by Messrs. Edwards & Broughton, and is decidedly one of the neatest typographical jobs we have ever seen issued from this city.

A CURIOUS OPTICAL PHENOMENON.—Yesterday evening, near the hour of sunset, a volume of black smoke was emitted from the chimney of the Gas House, and rising gradually above and over the city in full view of all and every one, first assumed the form of a large fish, perfect as nature itself. Then taking its course through the air performing the exact evolutions of the finny tribe in water, gradually dissolved and assumed as perfectly shaped coffin. In that shape it hung still and motionless over the city for more than ten minutes. The phenomenon was observed by parties from different points in the city, and every one saw it alike.

We are no believer in ghosts and spirits, but we would have preferred it assuming some other shape than that of a coffin.

SIX OAKS PROLIFIC.—The cotton seed by the above name advertised in to-day's issue by Henry Williams of Warren is said by the Cotton farmers of that section to be the best in use. We have seen on the farm of Mr. Williams the cotton growing, and it is a well known fact that he was not only earliest in the market but made more cotton to the acre than any man in his township or section. Mr. Williams is one of the best farmers in the State and knows whereof he speaks. Read his advertisement.

MOON STRUCK.—Caldwell, of the Charlotte *Observer*, and by the way the youngest local editor in the State, has gone to writing about "Moonlight nights." We call the attention of Wilson, of the Kinston *Gazette*, to the condition of this young man that he may go for him. Break him of this habit, Wilson, as effectually as you did us and we will have no more moonlight articles in the *Observer*.

THE UNITED STATES MARSHAL'S OFFICE TO BE REMOVED.—The new United States Marshal for North Carolina, Col. R. M. Douglas, will establish his office and headquarters at Greensboro. For this act in removing the office from this city, we proclaim ourselves a Carrow man, and regret that he is supplanted by any man that would remove the same to any point from Raleigh.

LOUISBURG.

An Evening with the Horse Swappers of "Cedar Hill"—The Ladies Feast—Louisburg Thespians—Dent's Hotel—General Items.

As stated in yesterday's issue, it was ye local's pleasure to spend three days of the present week in the pleasant little town of Louisburg, the county seat of Franklin county. Court being in session the town was crowded with visitors, both from the country around and abroad, and we never saw the town more lively. There is much about Louisburg to make it lively, several fixed institutions known only to Louisburg, chiefest among which, is the semi-annual Horse Swaps on Cedar Hill. As some of our readers may not have seen our articles on Cedar Hill last fall, we propose to give a brief history of this ancient and famous spot. Cedar Hill is a small knoll of about one and a half acres in extent, covered with cedar trees, and though a part and parcel of the corporate limits of Louisburg, is nevertheless a free and independent region, and its denizons pay tribute neither to Ceasar or "any other man." Cedar Hill, though used for a gallows when occasion may require it, is devoted exclusively as a horse swapping ground, and Tuesday of each Court is the time for the swapping.

Early Tuesday morning, in company with H. A. Hunter, Jr., of Warren county, we repaired to the Hill to view the entries made up to that hour. We found three horses and two negroes; there were only three eyes in the crowd. One negro had two, the other one, and not one of the horses had any "eyes for to see." Soon come up an old citizen with a small bob tailed steer hitched to a cedar cart. The steer added one more eye to the party.

A brisk trade ensued. We looked on with a feeling interest. Banters and offers were freely made; finally the trade was effected by the steer man giving a dry raw hide as boot between the steer and the three horses. We thought he made a bad trade; the raw hide was worth more than all the stock together. The negroes chuckled over their success; the steer man that was, but now the man of many horses, was delighted; we, the spectators, were satisfied, and all quit the ground. In the evening the swapping was more lively and the spectators more numerous. The entire court and Bar were present to witness the swapping. The Hon. Josiah Turner was present, and catching the infection, commenced a brisk trade with a one eyed man for a pair of dun colored eighteen year old colts with no eyes. The one eyed man thought the pair were well worth $20, but would take $10. We don't think Mr. Turner traded. The swapping was continued through the night and part of Wednesday.

An institution known to Louisburg, and one that never fails to delight and interest us, is the large and elegant public dinners, gotten up by the ladies for the benefit of the Church on every Court week.

The dinner prepared by the ladies of the Methodist congregation on this occasion was certainly the finest and most sumptuous our mouth ever watered o'er, and never did ye local enjoy one more. Our reputation as an eatist preceded us, and the ladies with a trembling anticipation of our coming made due preparation for the event, and we were overwhelmed with dishes, big dishes. One lady handed us a whole turkey, and actually exhibited some surprise when we told her only a slice of the breast, or a wing, or leg would answer our purpose. The desert came likewise in the utmost profusion; fun for the ladies to see us eat, but damaging to their interest and highly agreeable to the eater.

Louisburg has also a band of Amateur thespians, who performed at night in the Chapel of the Louisburg Female College. The plays selected for the occasion were: Rip Van Winkle and the Toodles. Arthur Arrington, a young gentleman of a decided histrionic talent, personated the difficult character of Old Rip, and Mr. E. W. Fuller, of "Angel in the Cloud" fame, the amusing character of Toodles. Not being a professional interviewer, we did not get the names of the ladies whose difficult parts were so aptly and excellently rendered as to crown the exhibition a grand success.

The reading of the Conquered Banner, by Miss Fuller, was the chief event of the second evening's entertainment. The stage was brilliantly and tastefully decorated. Several young ladies representing the Southern States, and accordingly costumed; a Confederate soldier holding in his hand the conquered banner, completed the scene when the beautiful and accomplished young lady came forward and read with thrilling effect this grand production of Father Ryan.

The effort of Miss Fuller deserves more than a passing notice, and we regret that our space will not admit of a more extended one. We hope that the Franklin *Courier* will do the subject justice.

The music on the occasion was furnished by the Misses Crenshaw and Miss Furgerson (the daughter of our townsman, W. H. Furgerson, Esq.,) consisting of vocal and instrumental exercises. The comic so, song excellently rendered by Miss Mollie Crenshaw received a well deserved encore.

At the conclusion of the performance, the Rev. P. J. Carroway, in returning the thanks of the ladies to the audience, stated that the object of the exhibition had been accomplished.

We are glad to be able to chronicle the growing importance of Louisburg as a commercial *entrepot*. Some three thousand bales of cotton were bought by its merchants during last year, and trade this season is brisk and encouraging. There is no doubt of the fact that Franklin farmers in general will find it to their advantage to sell their cotton in Louisburg. The price is only a cent and a half below the Petersburg market, and when with that margin one attempts to cover freight, commissions, storage, cartage, loss of weight and a dozen other leaks, it will be found that the best sale is a sale at home. However we confess that we can't quite believe the statement made to us by a thriving merchant that the street between his store and the Court House on Saturdays is so much blocked up with vehicles as the corner of Broadway and Wall streets. This may be true; but it is tough.

One circumstance, however, greatly militates against the town, and it is a grievance readily removable. Its principal hotel (we know nothing of the smaller new one) is almost unendurable. For instance, during Court week, when if ever, the best foot should be put foremost, lawyers upon arriving, were shown into rooms with poor beds, one pine table, rough in the extreme, one chair, a bowl and pitcher. Rapid and forcible language brought us a tumbler and a glass 4x6 inches. The tumblers, however, were only loaned and would be snatched from the room early in the morning to grace the breakfast table. There was enough upon the table, and a fair variety sometimes, but the cooking was and has long been execrable. The bread would give an ostrich dyspepsia. The stools, serving as chairs for some of the guests, would give an earth-worm the back ache.

Every guest of the hotel, lawyers, and mercantile men alike, were loud in condemnation, and justice demands that their complaint be made public. The owner of the hotel is abundantly *able* to give Louisburg what she so greatly needs; we hope that this will assist him in being *willing*.

A DESERVED COMPLIMENT.—A meeting of the neighbors of Messrs. S. M. Dunn & Co., who have recently closed their business on Martin street, was held Thursday at Reams' Tobacco Factory on the same Street. A President and Secretary was duly appointed, and a Committee of one appointed to draft resolutions suitable to the occasion. Mr. C. F. Reams, as said committee, retired to his private quarters and from his poetry machine ground out the following:

DEDICATED TO S. M. DUNN & CO.

To the memory of our friends we drop a line or two,
As they are richly entitled, having always been true:
Still will we think of you though far, far away,
And a lingering farewell we are compelled to say.

Since our acquaintance you have treated us well,
And it is with regret that we must now say farewell,
Our prayers shall attend you wherever you may go,
Hoping, fondly hoping, your return to our home.

The handle to the machine broke while grinding out the third line of the third verse and we can only give what is in sight.

ABOUT OVER.—The great political drama that has been enacted on our stage for the past ten days is now about closing and the interest in the same is subsiding. The great decapitation act was rendered with telling effect, and we trust with credit to the performer. Young, Carrow and Rogers have undoubtedly been *Settled* into private life, and thus ends the play.

Latest from Washington.—By the underground railroad from Washington, we received the following information yesterday evening: Col. Samuel Carrow surrenders his Marshalship to Col. R. M. Douglas on the 10th of April. Col. Carrow is to have the superintendence of erecting the Post Office building in this city, the plans for which are now ueing drawn, the building to cost $250,000. The fight between Col. Ike Young and Wiley D. Jones, Esq., for the office of Revenue Collector is still raging with much warmth, the chances thought to be in favor of Col. Young. The latter contest is creating much interest here between the friends of the two parties.

A REMARKABLE COINCIDENCE.—It will be remembered that about three years ago Dr. Thayer's Great Southern Circus "bursted" at High Point, in this State, and the entire paraphanalia, horses, wagons, tents and all sold at public auction. The band wagon was bought by Messrs. Lee, Hays & Co., of this city. One pair of the white horses that drew it was sold to a gentleman in Charlotte, and the other to a gentleman in Louisburg. The driver of the wagon went to Charleston. As badly scattered as this lot seems to have been, we saw the same white horses at their same old position in the same wagon, and the same driver on the same boot, driving, not the same band, but another band, on the same streets as when Thayer spread his canvass here—all on yesterday.

REMOVAL OF THE POST OFFICE.—As the work on the new Post Office will be commenced at a very early day, the removal of the present Post Office becomes a necessity, but to what point is the question now agitated? Major Bagley, of the National Hotel, has offered the row of rooms or offices formerly occupied by Col. I. J. Young, Collector of Internal Revenue on Edenton street, and adjoining said Hotel, to the Government free of rent, but the offer has not been accepted by our newly appointed Post Master, Gov. Holden, nor will he accept if the business men on Fayetteville, Wilmington, Hargett, Exchange Place and Martin streets object.

THE HALIFAX HOTEL.—The "Southern Hotel," just completed at Halifax, N. C., has been opened by Mr. W. Hunter Harris, and parties visiting that place can find the best accommodations. The hotel is thorough and complete in its arrangements, and we have no doubt Mr. Harris will prove equal to the undertaking before him.

GONE.—Weikel, the Merchant Tailor, goes North this morning to lay in his spring stock of Clothes and Cassimers. His well known taste will enable him to make such selections as never before seen in Raleigh. He will announce his return in the NEWS.

TO HAVE elegant light Biscuits, Rolls, Buckwheat Cakes, Fruit Dumplings, &c., you should use Dooley's Yeast Powder. Ask your Grocer for it. It is a pure Baking Powder.

THE MEETING LAST NIGHT—SEVEN THOUSAND DOLLARS RAISED—THREE THOUSAND DOLLARS MORE WANTED.—An adjourned meeting of the citizens was held at Metropolitan Hall last night Hon. Kemp P. Battle presiding, to hear the report of the different soliciting committees to raise funds for the prosecution of the work upon the new Fair Grounds. The auxiliary committee appointed last week reported something over two thousand dollars raised by them, making the subscription at present a little less than $7,000.

The Executive Committee stated that they would not commence work until $10,000 had been raised in the city, believing that they could then obtain enough outside aid to complete the undertaking upon the plans designed.

Various suggestions were made as to the best manner of raising the $3,000 still wanted, but nothing definite decided up. Mr. Pescud stated that the National Life Insurance Company had authorized him to say that they would loan the Society $5,000 or $10,000 for certain considerations.

Mr. Kemp P. Battle explained that the charter of the Society made it peremptory upon the Executive Committee to have annual exhibitions—that if they could not secure grounds at or near Raleigh, they would be compelled to hold it at some other place, or the charter would be forfeited.

Mr. C. M. Busbee said the Executive Committee must act at once, as no time was to be lost. He felt a deep interest in the matter, and he did not think the citizens of Raleigh had realized the danger of losing the Fair. He moved that, unless the requisite amount of money be raised by the 25th of this month, the Executive Committee be authorized to arrange for the holding of the Fair at at some other place, and that a new committee be appointed to consult with the citizens as to the possibility of raising the amount still needed. Adopted, and Messrs. Busbee, Lynn Adams and Armstrong were appointed as said committe. Mr. Buspee said he had no desire to have the Fair removed, but he did desire to have the people of Raleigh to decide *at once* whether or no we were to have a Fair here next Fall.

Speeches were made by a number of gentlemen, but the lateness of the hour at which this is written prevents further notice this morning.

There will be a meeting of the Executive Committee this morning at 11 o'clock.

TELEGRAPHIC NEWS.

NOON DISPATCHES.

English Affairs—Matters Complicated.

NEW YORK, March 14.—A London special says: "There appears to have been a misunderstanding between the disaffected Liberals and Tory party. The latter had given out to secure the greatest amount of opposition to the University bill, that its defeat should not occasion the accession of the Tories to office, some of the Conservative leaders certainly rallied the hesitating Liberals to oppose the bill on the assurance that the Tory Ministry would be impossible, consequently the leaders, such as Lord Carnarvon, Gatherne, Hardy and the Marquis of Salisburg, resolutely refused to accept office. The Conservative party is thus divided on the safety and expediency of venturing to govern with the Parliament largely hostile on general principles, notwithstanding its accidental harmony on this particular measure. Should this continue, the Conservatives will maintain their present attitude. It is more probable, however, that the Tories will reconsider their promise, and make an attempt to govern the country, and getting safely through the session by only bringing up the necessary business bills, and not venturing on any measure involving a difference of principles.

Spanish Matters—Affairs in England Not yet Settled.

LONDON, March 14.—The Carlists in Spain have acheived some success and accused of outrages. Socialistic disturbances are reported in Spain.

Disraeli's visit to the Queen resulted in granting him time. Both parties seem to fear an appeal to the people. D'Israeli, while riding through Westminster to day, was enthusiastically cheered by the populace. Owing to a dissension among the Conservatives he will, however, probably refues to take office.

The Queen has sent for Earl Granville, who is now endeavoring to form a cabinet.

The London morning journals contain no information of a more definite character in relation to the cabinet crisis than that forwarded to the United States in last night's dispatches.

The belief is entertained that Gladstone will resume the Premiership.

Lord Derby is expected to arrive in London to-morrow.

General Items.

NEW YORK, March 14.—Dispatches state the troops are closing in on Capt. Jack, and that there are some hopes that he will come to terms without a fight.

John D. Page, of Vallejo, on bail for illegally opening a letter, has shot himself and wife dead.

The Governor and Lieut. Governor, of Nevada, is fighting over the State prison. The Lieut. Governor is in possession. The Governor has called out sixty militia and one gun to report today. Lieut. Governor is determined to hold the prison 'till an appeal to the courts can be taken.

The opening speech at Oakes Ames' home ovation closed thus: "Our guest, the man who knows how to build railroads and don't lie."

W. L. Weller and Son's whiskey distillery, of Louisville, has been burned out. Loss fifty five thousand dollars.

The French Indemnity—France to be Evacuated.

NEW YORK, March 14.—A Paris special says: On Sunday last President Theirs sent a note to Berlin through Count Von Arnim. In it the French Government proposes to complete the payment of the first half the fourth milliard indemnity by the end of April, and the second half by the end of July, and to further pay two hundred and fifty milliards, with financial guarantees, and the final evacuation of the French territory to begin on the first of September.

Fears of Strikes in New York.

NEW YORK, March 14.—A great deal of uneasiness prevails in nearly all circles of trade in view of the probable recurrence of the strikes. Many dealers, especially in various branches of the furniture trade, believe a strike imminent, and the general impression is that if the strike occurs it will be for eight hours work and an advance of twenty-five cents for the price of the work of domestics.

MIDNIGHT DISPATCHES.

Washington Affairs.

WASHINGTON, March 14.—In 1862 a law was passed by Congress imposing direct taxes on property in the insurrectionary districts, and on the 8th of June, 1872, a law was passed giving parties interested the right to redeem the property sold in default of payment of the tax on their paying the tax with interest and expenses of sale. The first case under the latter law is that of William Sinclair, of Baltimore, who, having complied with its requirements has, under an order of Secretary of the Treasury, obtained a certificate of release of the Quincy property in Florida, and he is now again in possession of it.

MADRID, March 14. The Cure of Santa Cruise, who leads the Carlist band, treats the Spanish troops who fall into his hands with great cruelty. He recently flogged several prisoners so severely that they died from the effect of the blows.

The following nominations were confirmed by the Senate to-day: David B. Parker, Marshal for Eastern Virginia; also the following Postmasters:—Robert Blair, Tuscaloosa, Ala; John C. Lewis, Pulaski, Tenn; A. G. Sharpe, Chattanooga, Tenn.; James P. Lord, Columbia, Tenn; Wm. Rule, Knoxville, Tenn; Mrs. Julia P. Woolfork, Jackson, Tenn; A. E. Blount, Cleveland, Tenn.; Wm T. Early, of Virginia, and A. T. Akerman, of Georgia, are among the West Point visiting board.

In the Senate Caldwell occupied the day.

The following nominations have been made: Cornelius A. Logan, Kansas, Minister to Chili; John W. Foster, Indiana, Minister to Mexico; Frank W. Potter, New Jersey, Consul to Marseilles; James F. Casey, Collector of Customs for New Orleans; W. D. Bloxham, Surveyor General for Florida; Byron O'Carr, Supervising Inspector of Steamboats for the 8th District; Thomas A. Spencer, Indiana, Assistant Attorney for the Postoffice Department; George M. Duskin, Attorney for the Southern District of Alabama; Wm. E. Parker, Marshal Eastern Texas.

There was a long Cabinet meeting over the treasury chances. Nothing has transpired yet.

Dr. Huston Convicted.

BALTIMORE, March 14.—The case of Rev. Dr. Huston, charged with gross immorality and licentiousness, which has excited such deep interest in this community and the entire Methodist Episcopal church South for the past year or more, was convicted by the Annual Conference of the Methodist Episcopal Church South shortly after the meeting of the Conference this morning, Bishop Doggett presiding.

NEW HAMPSHIRE ELECTION.

The latest intelligence from the New Hampshire election indicates that Straws, the present Republican incumbent, has been re-elected by a majority of between three and four hundred.

The first Congressional District is claimed for the Republicans by a very small majority—not more than three hundred.

In the other Districts, the Democratic candidates are undoubtedly elected.

RESIGNATION OF THE ENGLISH MINISTRY.

The resignation of Gladstone and the other members of the English ministry has caused considerable sensation in England.

The immediate cause of the resignation is the defeat of the Irish Educational Bill in the House of Commons, which was strenuously and ably advocated by Gladstone.

The acceptance of the resignations by the Queen will of course necessitate a new ministry.

PROTESTING AGAINST THE BACK PAY.

The Legislatures of Illinois and Ohio, now in session, have recently passed resolutions, condemning the action of the members of Congress from those States who voted in favor of making the increased pay of Congressmen retroactive, instead of prospective.

The pay of a member of Congress was $5,000 per annum. Before Congress adjourned, this salary was increased to $7,500, and a provision was added, that this increase should date back so as to include the salaries of the late members of the Congress

It is alleged that there is a precedent for this. If so, we think it is a very bad precedent.

APPLYING THE WRONG OATH.

The Washington correspondents say that quite an amusing scene occurred in the Senate of the United States, when General Gordon, of Georgia, was sworn in as Senator.

Vice President Wilson, in administering the usual oath, inadvertently pronounced the words of the iron-clad as follows: "Do you solemnly swear that you have never voluntarily borne arms against the United States, nor given aid or encouragement to the rebellion," &c. At this language, a bland smile overspread the features of the rebel General, and an audible titter in the Senate hall reminded the Vice-President that he was administering the wrong oath.

MOCK HUMANITY--MRS. PUTNAM'S LETTER.

The letter of Mrs. Putnam to Gov. Dix, of New York, imploring him to spare the life of Foster, the murderer of Mrs. Putnam's husband, was very generally copied by the press when it first appeared, and was highly praised for its humane and noble sentiments.

The appeal for Executive clemency from one, who, above all living persons, was most foully wronged by the wicked murder was considered an evidence of unexampled goodness of heart and nobility of character, and it was thought it would have a powerful influence in favor of the condemned man, notwithstanding Gov. Dix had declined to listen to all previous arguments and entreaties. The Governor so far relented as to agree to take the matter into consideration, and up to this time he has not made known his determination. Many think Foster's sentence will be commuted to imprisonment for life or for a long term of years.

It turns out now, however, that although Mrs. Putnam did write that humane and tender appeal to Gov. Dix, in behalf of her husband's murderer, yet she received a valuable consideration therefor in the sum of *fifteen thousand dollars*, paid her by a relative of Foster, which amount enkindled her feelings of pity and sorrow to such extent, when she contemplated the awful fate impending over the destroyer of her husband's life, that she tells Gov. Dix the hanging of Foster would add greatly to her misfortunes, and would make her unhappy life more wretched still!

The papers that were loudest in her praise will now retract all their fine encomiums on the *noble act of mercy* of the tender hearted Mrs. Putnam, whose feelings are measured by a few thousand greenbacks, and whose heart never overflowed with pity until her hands clutched the coveted treasure.

Oh! the pure, and virtuous, and guileless Mrs. Putnam! When she dies, she ought to have a handsome monument erected to her memory to commemorate her sublime humanity, her divine forgiveness and her self-sacrificing devotion to save a guilty culprit from the hangman's fate!

It is said that the hard winter has materially damaged the growing wheat in Spotsylvania and Stafford counties, Va., and it is believed that not more than half a crop will be made.

Rev. Henry Ward Beecher was welcomed back to Plymouth Church, Sunday, and "Love thy neighbor as thyself" was his subject.

Dr. Chapin, like Mr. Beecher, writes constantly for the weekly press; both are editors.

A LEGISLATOR TURNED EDITOR.

The last *Magnolia Monitor* comes to us with the Salutatory of John D. Stanford, Esq., the able, popular and efficient Representative in the House from Duplin county, who will in future conduct the editorial department of that paper.

Capt. Stanford is well and favorably known throughout the State, as he has repeatedly represented Duplin county in both branches of the Legislature.

We cordially welcome him into the corps editorial, as an able ally in the cause of Conservative. A gentleman of fine talent, of wide experience in Legislative life, of unflinching devotion to the principles of the Conservatism party, of high honor and integrity, and a true and tried friend of the State, Capt. Stanford will doubtless make the *Monitor* a useful and vigilant guardian of the people's rights, and a bold, fearless, independent champion of Conservative principles

We wish him and his paper the most abundant success.

THE NORTHERN PRESS ON THE NORTH CAROLINA CENTENNIAL.

The resolutions introduced in the Legislature of North Carolina, providing for the holding of a Centennial celebration at Charlotte, on the 20th day of May 1875, has called for the from the Northern as well as the Southern papers, strong endorsements of the proposition and some highly favorable comments on the conduct and character of the people of the Old North State.

We were pleased to see a few days days since an editorial from the Philadelphia *Press*, John W. Forney's paper which acknowledges the claim of North Carolina so long disputed by envious rivals, that upon the soil of Mecklenburg was first proclaimed the Declaration of Independence from the Mother country, and that to North Carolina belongs the high honor of setting the ball of the revolution in motion. After saying that a single county of North Carolina has now the uncontested distinction of promulgating the Declaration of Independence "more than a year before the National Council summed up its courage to say 'halt,'" and that "the State of North Carolina purposes modestly to celebrate its centennary," the *Press* adds:

"It is not a National celebration except that it invites sympathy. It is to be an 'exhibition of the arts and products, resources and manufactures of the State of North Carolina,' and to it are to be invited the Chief Magistrates of the Nation and the States, and their fellow-countrymen generally. Who is there in this broad land, Southern or Northern man, who will withhold approval and sympathy from this? Of it one even of the New York Journals says: 'This will not in the slightest degree interfere with the Centennial Celebration at Philadelphia, which takes place over twelve months after the proposed exhibition at Charlotte. Indeed, it will rather aid in furtherance of that object, as the articles collected then can be forwarded to Philadelphia as contributions from North Carolina.' We venture to add it will further Philadelphia's celebration still more by the proof it gives that love and reverence for our classic past is still, and elsewhere than here, a living principle.

But we find another pleasant augury in the North Carolina movement. It is the best sign we yet have hailed of actual reconciliation in the future. There is no 'Ku-kluxism' here. No State of the South was truer to the cause, which unhappily she espoused, than North Carolina. She moved very quickly in the parth of error, and she clung to it to the end. Forts Caswell and Johnson were in possession of the enemy three months before Sumpter surrendered, and the last bloody and doubtful battle of the war was fought on her soil, on the 19th of March, 1865."

The *Press* then refers to Stonewall Jackson and Gen. D. H. Hill as being residents of Mecklenburg county—which of course, is an error so far as Gen. Jackson is concerned. We presume the error grew out of the fact that Gen. J. married a lady of that county. In reference to Gen. Hill, the *Press* says:

We have alluded to two of the modest Mecklenburg rebel soldiers by name. One of them still lives a secluded and still disfranchised man. It should not be forgotten that his name is connected with a gentle act and deed of the civil war—a deed of natural charity. On the 22d of July, 1862, a cartel between the warring hosts, for the general exchange of prisoners, was agreed upon on the banks of the James. It bore the signatures of David H. Hill, now living in Mecklenburg, and John A. Dix, Governor of the State of New York. May the Mecklenburg celebration of 1875 witness the complete reconciliation of the whole land! Thus it is that our Philadelphia commemoration example is bringing forth good fruit everywhere."

The *Charlotte Observer* makes some comments on this editorial of the *Press*, and reciprocates its sentiments of reconciliation and national re-union.

News from the Modoc country seems to indicate that Captain Jack is, after all, something of a "Heathen Chinee," and does not intend to smoke the pipe of peace in the white man's quarters. A recent attempt to secure the crafty warrior has signally failed, and it is now thought that he has manœuvred to get into the country east of the seat of war, where, for hundreds of miles, no cavalry can possibly molest him. In the meantime it is stated that Mr. Applegate, one of the Peace Commissioners, has resigned in disgust, and has left the final adjustment of the difficulties to his more hopeful associates.

SIX OAKS PROLIFIC COTTON SEED.

I have for sale 200 bushels of genuine "SIX OAKS PROLIFIC" Cotton Seed. This Cotton was originated and improved by J. V. Jones, of Georgia, and from whom I purchased the seed at a cost of

SEVEN DOLLARS PER BUSHEL.

It is a distinct variety, in every respect from all others I have ever seen or tried. The limbs are numerous, long, short-jointed, with full developed bolls, duplicated at the points, in such compact form as to cover in some instances, as many as 4 or 5 with the hand. The leaf small and pointed, allowing free access of the sun to the bolls. Seed small, few to the lobe, and when ginned almost entirely devoid of lint—staple strong, soft and of brilliant lustrous white—yields from the seed more than any other, and will if properly handled always command in the market, three cents per pound more than our common species.

It has done this two seasons for me.

Three gentlemen of Chowan county to whom I sold all the seed last Spring I could spare, report the yield from their seed as follows: Major H. A. Gilliam, whose cotton was damaged greatly by hail, made 2000 pounds, Mr. John Wilson 2600, and Dr. Wm. R. Capeheart 2850 pounds seed cotton per acre. I have made in this county 2886 lbs. Sample of lint and seed can be seen at Messrs. John White & Sons, Warrenton, N. C., from whom, as well as myself, seed can be obtained, or will be delivered to Express or Railroad Agent Price $3.00 per bushel cash; registered letter or post office order. FREIGHTS ADDED

Your attention is called to the "Opinions of the Press," and the reports of disinterested Newspaper Correspondents from various sections throughout Eastern and Middle North Carolina, and Southeastern Virginia, where it has been extensively used,—stating the high repute in which this Fertilizers is held by the Planters, as matter of public concern and benefit. Enquire for Pamphlet containing these Testimonials and Opinions of the Press and other Useful Matter of General Information and Interest to the Farmer.

It has been so extensively used and universally praised that it requires no commendation at our hand. The Cotton Planters using it affirm that it matures the Cotton earlier by Several Weeks, and nearly doubles the yield. Many say it is equaled by no manipulated Guano on the market; and prefer it for many reasons to the Peruvian Guano.

There will be only a limited amount of this Fertilizer manufactured especially for our supply and trade, and we desire that the Cotton Planters in the section of country tributary to this market, should FIRST BE SUPPLIED, with what they may need. After supplying the needs of the Planters in the region named, the remainder, if any over, will go to fill the orders of the trade at large, throughout the wide district of territory assigned to us.

Some of the ingredients for this Fertilizer, the "Southern Fertilizing Company" had to import from Germany at a great cost, and this stock had to be laid in and prepared beforehand. The Company, therefore, required us to inform them at the beginning of the season, the probable amount our trade would require, which we did accordingly and we feel confident from the numerous inquiries and large orders received that the demand will far exceed our stock, or ability to supply, and therefore we bespeak our Planter friends to send in their orders at once, (that we may book them, and thereby give them the preference,)—and then, they can order the Fertilizer to be shipped to them whenever they need it.

The Fertilizer will cost the Planter no more to order it early in the season. Time Price $65, Free of Interest—Cash Price $60—at our Warehouse in Norfolk. It is put up in new, strong bags of 200 lbs to the bag. "FIRST COME, FIRST SERVED," is the old adage. If our friends neglect to avail themselves of the opportunity presented, and hereby duly notified, they cannot blame us if their orders later in the season have to be turned off.

NORTH CAROLINA.

Wayne Court continues in session.

And, Wilmington, too, wants a cotton factory.

The canine and feline epizootic rages in Wilmington.

The epizootic has broken out afresh at Salisbury.

Carpenter, of the Newbern *Times*, says that shad are too low to quote.

A subscription is being raised to purchase a fire engine for Goldsboro.

Hon. A. M. Waddell, of the 3d District, has returned home from Washington.

Rufus Morgan, the landscapist and sketchist, is still doing beauties of Wilmington.

The *Messenger* complains of picture lottery concerns and organ grinders as a nuisance in Goldsboro.

Garroting is quite the thing in Wilmington now, and it is dangerous for a man to walk alone on Second street.

The Goldsboro *News* has it that a large captalist is investing extensively in Raleigh real estate. Sensible man.

Duffy, of the Greensboro *Patriot*, has returned from his extensive Southern tour and was on a visit to Salisbury Thursday.

Poultry raising is attracting the attention of the Newberuites. The entire crop of Mr. Nerr, of that city, was ruined on Wednesday night.

We are pleased to learn from the *Journal* that Col. S. L. Fremont, of Wilmington, is recovering from his recent severe attack of sickness.

The Henderson *Tribune* says that one house in Petersburg a few days ago received ten thousand pounds of dried fruit from Western Carolina.

The Wilmington *Post* reports a big street fight, a highway robbery and a glaring burglary all in one issue. This we call a good feast for Wilmington Locals.

A Wilmington merchant made a misstep and fell in the river Wednesday, and James, of the *Journal*, (a hard hearted cuss,) insisted upon his being required to pay the fine for swimming in the city limits.

The members of the Legislature from New Hanover addressed their constituency at City Hall, in Wilmington, Wednesday night in regard to what they know and did about Constitutional Amendments.

Among the graduates at Jefferson Medical College, Philadelphia, on the 8th instant, we observe the names of Mr. Julian Picot, son of Professor Julian H. Picot, of Buckhorn Academy, Hertford county, N. C.

Says the Salisbury *Banner*: Our sister town of Concord will have a newspaper of her own in a few days; got up and managed by one of her sons—that thoroughly alive man, Charles F. Harris, Esq. He "goes in" with his characteristic vim, and, with his business energy will, we doubt not, gain the cordial support of his fellow-citizens of Cabarrus and surrounding counties. Success to him.

The Defeat of Gladstone—The English Muddle.

Our dispatches having already given information of the resignation of Gladstone and the entire English Ministry, and the acceptance of these resignations by the Queen, we copy the following from the Baltimore *Gazette*, which explains the cause of the present difficulty:

Able as the speech of Mr. Gladstone was in the House of Commons, about the middle of last month, on the "Irish Educational bill," it was much more a criticism on the defects of the existing system of education at the Irish colleges than a vindication of the bill by which the Government proposed to remedy them. The bill has just been rejected, and, as Mr. Gladstone had staked the existence of his administration on its success, its defeat carries with it the resignation of the Ministry. Of all the tasks which Mr. Gladstone undertook to accomplish, that of conciliating the Catholics of Ireland and the Protestants of the United Kingdom, by enlarging the University of Dublin, so as to include Trinity College, the Queen's Colleges, the Catholic College and Magee's College, making it purely unsectarian, and giving to the Crown, for a term of years, the appointment of its governing body, was the most difficult. The present theological faculty was to have been separated by the bill from Trinity College and the University, and transferred to the representative body of the Disestablished Church, with compensation for vested interests, and a charge upon the revenues of the new university for maintenance. The bill proposed further that besides abolishing all theological teaching, there should be no chairs in moral philosophy or in modern history, lest tender consciences should take umbrage. The bill, in short, was, as Sir Robert Inglis pithily said of a somewhat similar bill in 1845, "a gigantic schemes of Godless education." The Catholics objected to it because the new university was to be a mixed institution, and its professors appointed independently of the bishops; and, because, in the second place, Catholic youths could not obtain degrees without being examined by men chosen without the approbation of the bishops—in other words, because the new university would not be in consonance with the doctrines taught by the Catholic Church. On the other hand, many Protestants objected to the bill because religious teaching was wholly excluded, and because they feared that, by the gradual changes provided for in the governing body, the university would ultimately fall under Catholic influence. The bill was further hampered by its great complexity of detail, and the criticisms passed upon it in its several stages of progress through the House, only served to make its weak points more apparent, and to convince many of Mr. Gladstone's old adherents that if it were suffered to become a law it would be a hindrance rather than a help to the pacification of Ireland.

John E. Owens is delighting Richmond, Va.

England has now in progress an iron-clad reconstruction of the navy. After all it will be only experimental. The iron clads have encountered no enemies more formidable than the ocean storms. Even these the ships have not withstood. The fate of the unfortunate turretted ship "Captain," which foundered with all on board is an instance. No battle has tested the power of these apparently formidable men-of-war. Cannon have been invented which will pierce the heaviest armor and ocean transit has been demonstrated not to be unattended with peril to iron-clad vessels. England has completed some magnificent ships, but does not court an opportunity to use them. It is strange, but the history of mankind does not change in this respect. From the time when the Assyrians went to war, boasting of their chariots and horses, their bows and arrows, and the Phœnicians trusted in their war galleys, until this period of steel cannon, needle-guns, and iron-clad ships, the agents of the destruction of man by man have been the vaunt, the first idea of man, and the labor of nations have been most cheerfully spent.

Advices from Spain indicate that the Republic will appeal to the country. A constituent Cortes is to be summoned, to meet the 1st of May. This is probably the best course the present authorities could take. Their action in constituting themselves the ruling power upon the abdication of the King was justified by the emergency, but when it was not sustained by the people with any appearance of unanimity there was but one course to pursue—to place the whole matter in the hands of the voters of Spain, and ascertain their will. If the election is favorable to the present government, President Figueras will then be at liberty to deal with the discontented elements of the Spanish body politic with the severity that their opposition to the popular choice merits.

A negro boy, who is represented to be entirely unfit for the position, has been appointed Postmaster at Hampden Sidney, Va.

CENTURY WHISKEY!

Persons in delicate health, often find it difficult to obtain a Pure Stimulant when prescribed by their Physicians, and it is for Druggists and other first-class trade that the

CENTURY WHISKEY

is particularly designed. It is differently prepared from

ANY WHISKEY IN MARKET,

and is driving many old brands out of market, because the "principle upon which it is made is superior."

The almost universal testimony of those who have used the

CENTURY WHISKIES

is, that there is an entire absence of Headaches, and other disagreeable after-effects so often experienced in the use of other brands. This is a direct consequence of the

Purity of the Century Whiskies,

and the impurity of many other brands. They are ABSOLUTELY PURE; four prominent chemists certify to this fact, viz:

Prof. SILLIMAN, State Chemist of Connecticut.

Prof. C. U SHEPARD, Jr., State Chemist of South Carolina.

Prof. W. C. TILDEN, Washington, D. C.

Prof. JOHN DARBY, New York.

All of whom agree in pronouncing it "without fault," and "free from any deleterious substance whatever."

We will Establish other Agencies at Different Localities the Coming Season.

THIS COTTON FERTILIZER has received the highest praise from all sections of country, and the daily press throughout the State. We give below a few extracts from communications of correspondents in various localities of country to the daily newspapers—reporting the voluntary, concordant commendations of the Cotton planters relative to the action of the Cotton Fertilizer, and the high repute in which it is held by the planters, as matter of public interest and benefit—writing from the spot and giving the free, ebullient laudations of the whole people, who had tried and seen its effects, many of whom are the best men, and most successful farmers in North Carolina and Virginia. These extracts are the disinterested reports of newspaper correspondents in their communications to the press, whose business it is to note and relate matters of general news and interest of public importance and concern.

OPINIONS OF THE PRESS.

Extract from correspondence of the Battleboro Advance, (Nash county) in its issue of 23d of August last:

* * * * "Of the commercial manures used, through our section, it is the opinion of those who have applied it that Gilham's Cotton Fertilizer, manufactured by the Southern Fertilizing Company, Richmond, Va., is decidedly the best in the market."

From the Raleigh Sentinel, of Aug. 14th, we make the following extract:

* * * * "In conclusion allow me to speak of the favorable impression among our excellent farmers created by Gilham's Cotton Fertilizer. No section of the State can produce such cotton farmers as Edgecombe, and many of them say this Cotton Fertilizer is equal, and some of them say superior, to Peruvian. This is saying much for it, but if we are to be guided by the many crops around here, which show its excellencies, we have not accorded it too high praise. Nothing is more needed than a good fertilizer, and we inform our readers of the effects of this fertilizer, and the high opinion of it by the cotton planters in this section for the benefit of the farming interest throughout the State."

From a correspondent of the Tarboro Enquirer, writing from Battleboro, N. C., we make this extract from an article in that paper of the 31st August ult:

* * * * 'Gilham's Cotton Fertilizer is recognized by some of the best planters here to be the best manure used in this section."

From a correspondent from Margarettsville to the Raleigh News, August 27th, we note this paragraph:

"Most of the farmers who have used Gilham's Cotton Fertilizer say it is better, for many reasons, than Peruvian Guano. We were struck by the high repute in which this fertilizer is held by those who have used, and are now using it, and the good opinion entertained, by those who have witnessed its effect under cotton. It is unquestionably very marked."

From a communication from Whitakers to the Biblical Recorder we make the following quotation:

"On asking the farmer's opinion as to the manures, all who have used it pronounce the Gilham's Cotton Fertilizer the best, saying it stands dry weather better than the Peruvian, is equal to it in every respect, surpassing it in some, with due accord express their intention of using it again. This is saying a good deal for the Gilham's, inasmuch as Peruvian costs much more, and has stood so long without a rival, but "facts are stubborn things."

BEST SMALL FARM IN WAKE COUNTY.

It is situated eight miles South of Raleigh, on Swift Creek, adjoining the farms of Allen Adams, the late William Peace, and others, containing some 135 ACRES, half of which is cleared, with

40 Acres of No. 1 Bottom Land,

on Swift Creek, well ditched, and in a good state of cultivation.

On the uplands, 30 BALES OF COTTON can easily be made, with any quantity of fruit and vegetables.

On the land is a good SAW AND GRIST MILL, with a good custom for both, and also for the COTTON GIN, which is run by the same power, and which is unfailing, except in the dryest weather.

The timbered half of the tract is well stocked with Oak and Hickory, and adjoining, are long-leafed Pines sufficient to run the saw for years.

The improvements are a comfortable dwelling house, with four rooms, outhouses for laborers, excellent barns and stables, and other necessary improvements.

With the land and mills, the purchaser can buy corn, fodder, stock and other things to begin at once preparing for a crop.

I will take for this property, $4,500 Cash.

Apply to the undersigned, at Apex, N. C., or to Quent Busbee, Esq., Raleigh, N. C.

Carolina Baking Powders

You should use the "Carolina Baking Powders" because there is no other that gives such satisfaction. It makes charming

Bread, Delicious Rolls, Cakes, Biscuits, Waffles, Corn Bread, Griddle Cakes, Pastry and Cakes of every Variety. For making Buckwheat Cakes it has no rival.

Those that have tried it, say it is decidedly the VERY BEST. Feeling considerably flattered at the increasing demand where put in competition to so many kinds now on the market, that I shall in future manufacture it on a much greater scale.

It is the only Baking Powder manufactured in the South, and I guarantee it to give as much satisfaction as any other.

BUY THE BEST

SOLUBLE SEA ISLAND GUANO!

State Fair Premium at Wilmington for the Largest Amount of Cotton to an Acre.

GOLDSBORO, Wayne County, N. C., November 23rd, 1872.

JOHN H. POWELL, ESQ.:

DEAR SIR—The Soluble Sea Island Guano purchased of you this season was used by the side of three others, and has given me more satisfaction than any of the others. The Soluble Sea Island Guano was the one used upon the acre of land upon which my son raised the cotton upon which he took his State premium for the greatest amount of cotton to an acre; and I am informed by the Chairman of the Committee that had he entered for the largest amount of cotton to the acre, premiums open to all acres, he would have also taken that premium, beating all 150 lbs. I am better pleased with it than any other Guano I have ever used on cotton, and I shall use it in preference to others next season for my cotton crop.

T. A. GRANGER.

ALSO EIGHT PREMIUMS AT WAYNE COUNTY FAIR.

The Amount of Seed Cotton made on an Acre of Upland by Mr. Granger

was Three Thousand Six Hundred and Thirty-three Pounds.

EDGECOMBE COUNTY, N. C., December 12th, 1872.

Messrs. R. W. L. RAISIN & Co., Baltimore:

I bought of Messrs. Branch, Herbert & Co., last Spring, one ton of your Soluble Sea Island Guano for myself and three tons for other parties, and I find them all well pleased with it, and say it is the best Guano, and paid them better than any they ever used. The ton I used myself was put in cotton by the side of two other guanos, and I am willing to say that I should buy the Soluble Sea Island Guano in preference to any that I have used since the war.

Very respectfully,
J. R. GREEN.

SELMA, N. C., November 12th, 1872.

W. H. AVERA, ESQ.:

DEAR SIR—The ten bags Soluble Sea Island Guano more than met my expectations I consider it equal to Peruvian for cotton. It paid me over 100 per cent. I more than doubled the crop. My neighbors who bought it are highly pleased, and will use it in preference to any other when it can be had. Hope you will keep a supply the coming Spring.

Truly yours, R. HARE.

LOUISBURG, N. C., December 4th, 1872.

E. W. FULLER, ESQ.:

DEAR SIR—I tested your Guano this year, and the result is, I will use it on my whole cotton crop next year.

Yours, &c., ELLIS MALONE.

HENDERSON, Granville County, N. C., November 25th, 1872.

To S. J. PARHAM:

The Soluble Sea Island Guano purchased of you was used on tobacco and cotton by me by the side of Peruvian Guano, Stonewall & * * * *. I like it much better than either, and I observed a marked difference in favor of the Sea Island. Shall use in the future.

S. S. BOYDEN.

HENDERSON, Granville county.

HENRY BURRELL, Esq., has stated to us that he made a test this present year's tobacco crop, using two other higher-priced guanos, but is convinced that the Soluble Sea Island Guano is the cheapest guano he has ever purchased, and shall use it again.

YANCEYVILLE Caswell County, N. C., December 6th, 1872.

Captain W. P. ROBINSON,

DEAR SIR—In reply to your inquiry as to how I liked the Sea Island Guano I got of you, I wish to say that I applied it, 200 pounds to the acre, alongside of Peruvian, Pacific Guano and Gilham's Tobacco Fertilizer in equal quantities; it stands the drouth better than either of the above fertilizers. It matured better on the hill and cured better and more yellow than either of the other fertilizers used. I think it is a splendid article and I expect to use it next season.

Yours, respectfully,
MARCELLUS MANN.

WILSON, N. C., January 11th, 1873.

Messrs. HARRISS & BLACKWELL:

GENTS—I used this season, on my cotton crops about 15 tons of your Soluble Sea Island Guano, testing it by the side of Guanape and Vegitator, and up to the time of the heavy washing rains last of June, I was equally pleased with its action as of the Guanape and better pleased than with the Vegitator.

SATURDAY.....MARCH 15, 1873

SLIGHTED.

This thing that you have coldly done
Seems but a trifle in your eyes,
And maybe, if you knew my pain,
They would but greaten with surprise.

As one who, brushing from a rose
Some small brown creature, nested there,
To make it fitter for the eyes
Of her who shall its sweetness wear.

Recks little of the sudden pang
Of the poor tenant dispossessed,
Thrust from the pale pink palace where
Its insignificance was blest.

So you from out my life have swept
One frail illusion flower-sweet;
If I am poorer for the loss,
You shall not know it when we meet!

The number of horses in Great Britain, according to late reports, has decreased. There are fears that even the racing stock is not up to the standard of a few years ago. Heavy taxes on race horses, high prices of food, and a general failure of interest in turf matters, are the causes of the decline. France also buys many of the best and most promising animals.

Hons. W. R. Roberts, of New York, and Hoar, of Massachusetts, decline to receive the back pay to which they are entitled by the recent action of Congress, the former ordering the sum due him to be covered into the Treasury, and the latter presenting his to some Northern college.

Count Schouvaloff is said to be the coming man in Russia. He is now alluded to in court circles as *l'homme tout puissant*, and is regarded as the future successor of Court Gortschakoff, and is said to have been essentially instrumental in bringing about the late meeting of the three emperors.

This is strictly a

HOME LIFE COMPANY.

Its Officers and Directors are citizens of the State, of high character for business capacity, enterprise and probity. It offers every

SUBSTANTIAL BENEFIT

that Northern Companies do, with the great additional consideration that the capital is kept within the State, and, therefore, helps to build up and foster Home institutions.
Another important fact to be considered is, that the Wilmington Live has thus far obtained A VERY MUCH LARGER INTEREST for the money invested at home, than any of the New York Companies receive for their investments, according to their sworn statements before the Commissioner of that State.
These unquestionable facts should commend this Company, above all others, to our people. Let it be born in mind that millions of dollars raised for Life premiums have been sent North since the war, which at once drains the South and enriches the plethoric capitalists of the North. If there was no other consideration, safety, fairness and cheapness being equal, why North Carolinians should INSURE AT HOME. this were more than sufficient.

THE WILMINGTON LIFE

has excellent special features.
It places no restriction on Residence or Travel; it makes no extra charge for Female risks; and its Policies are incontestable after Five Years.
Its business is managed economically. Its risks are taken with equal caution. Its investments are made judiciously.

THE CONNECTICUT MUTUAL

LIFE INSURANCE CO.,

OF HARTFORD, CONN.,

Annual Income, Nearly

$10,000,000.00!!!

This Company has steadily pursued two great practical ends:

FIRST.

To place its policies beyond the power of adverse contingencies.

SECOND.

To reduce the actual outlay of its members for their policies to the lowest possible rate. To accomplish this, it allows him to retain from 20 to 50 per cent. of the first premium as a permanent credit or loan, and to return from each subsequent premium that portion of the previous year's full premium actually proved to be surplus; so that at no time does the Company take from him a higher actual premium than is needed to carry the risk for the year, and provide the reinsurance fund. It is strictly Mutual. Nothing is diverted to stockholders, and each member has his insurance at its exact cost to the Company. Its rate of expense has been from the beginning less than that of other companies.

MR. JAS. PIRSSON:
SIR:—The Piano which I purchased from you in September, 1870, is a very superior one. It has been frequently tested by competent judges, all of whom give unequivocal testimony to its excellence. I could not ask for a better instrument.
Very Respectfully,

NORTH CAROLINA ALMANAC, 1873

Calculated by Dr. Craven, and compiled by L. Branson, printed on fine-sized and calendered paper, neatly and elegantly.
It contains many useful recipes, many valuable statistical matter, and many

AGRICULTURAL

items. It is emphatically an AGRICULTURAL ALMANAC. It is different from every other Almanac; has been published a number of years and sold successfully. It is, we think, certainly as good if not better than any other.
